The years of loyalty and service rendered to our high school by Mrs. A. W. Weaver are indeed worthy of recognition. They have been years dedicated to education, its purposes and its ideals. Her influence in the lives of her students has been great, enriching and broadening their appreciation of knowledge and of life. Leadership, along with patience, enthusiasm, a sincere interest in those about her, and a delightful sense of humor are qualities which we love in Mrs. Weaver. She is "tops" as teacher, counselor, and friend. To you, Mrs. Weaver, we, the staff, dedicate the 1956 edition of the Chieftain.

The background of the entire page is a textured, light-colored surface resembling sand, densely scattered with numerous seashells of various sizes and shapes. The shells are mostly light-colored with some darker patterns, and they are arranged in a way that creates a sense of depth and texture. The text is centered on the page, and the overall aesthetic is that of a vintage yearbook or a commemorative publication.
